

# Natural Unnatural Wholesale Catalogue 2011

To reduce paper we have designed this catalogue to be viewed on a computer screen. Please email us if you need a high resolution printable version.

# Welcome!

Natural Unnatural are a bright new design company founded by Megan Faye in 2009. Welcome to our first wholesale catalogue.

All products are created from Megan's original designs, they are different from anything else to make Natural Unnatural products exciting and exclusive.

Based in Glasgow, U.K. all products are hand screen printed. We hand select high quality planet friendly materials such as textured recycled card and soft organic cotton t-shirts.

Natural Unnatural developed from Megan's love of drawing, colour and quirky imagery. She received a Fine Art degree from Glasgow School of Art in 2006. Her artwork mainly explores themes exploring nature and manufacture.

We would like to keep you up to date with new products and news. To be added to our mailing list please email: [hi@naturalunnatural.co.uk](mailto:hi@naturalunnatural.co.uk)

# Greeting Cards

Our designs are modern, original and colourful. Featuring classic and quirky motifs our contemporary style appeals to a wide age range.

Superior recycled card has been selected due to its quality and tactile properties. We screen print each design by hand using solvent free inks. Each card and envelope is protected in a biodegradable display bag.
